

## HOTEL INFORMATION

Welcome to the

# Briery Wood

## Country House Hotel

## A LITTLE PIECE OF HISTORY

Briery Wood was originally known as Holbeck Cottage. It was built at the end of the 19th century and was part of the Earl of Lonsdale's Estate, used for the servants working at nearby properties. It was also home to the main gardener who developed the stunning grounds that we still enjoy today.

In the fifties the house was occupied by the Brown Family who were in charge of installing electricity to the local valleys. The house was sold in the early seventies and became a guesthouse and in 1982 became a hotel.

Lake District Country Hotels bought the property in 1998 and restored many of the original features to give the hotel a country house charm.

## YOUR COFFEE & TEA INSTRUCTIONS

The tea and coffee is supplied by local family-run PENNINGTONS. Your beverage making machine is ready for your enjoyment.

Switch the machine on and wait for the buttons on the front to stop flashing.

For tea, place a cup and tea bag on the drip tray of the machine and press the Tea (leaf) button.

This dispenses hot water for your brew.

Two types of coffee capsule are provided. White capsules with white lids are single-origin Brazil Cerrado Espresso Roast, perfect for espressos.

Capsules with a blue rim contain single-origin organically grown decaffeinated coffee. To brew, lift the handle on the machine and place one capsule in the slot provided. Close and press the Coffee (bean) button once for espresso or twice for a longer beverage.

The capsules we provide for your enjoyment are fully compostable. By placing used capsules in our food waste, we ensure they will compost in as little as nine weeks.

This means you enjoy World class coffee that doesn't cost the Earth.
